ABOUT NATIONAL UNIVERSITY

FOUNDED IN 1971, NATIONAL UNIVERSITY is the second-largest private, nonprofit institution of higher learning in California and 12th-largest in the nation. It was among the first to recognize and focus on the unique needs of nontraditional learners. Its distinctive and intensive one-course-per-month format, multiple locations, and onsite and online programs enable students to complete graduate and undergraduate degrees in an accelerated time frame while maintaining family and work responsibilities.
National University is comprised of the College of Letters and Sciences and four schools: Business and Management; Education; Engineering, Technology and Media; and Health and Human Services.

MISSION
National University is dedicated to making lifelong learning opportunities accessible, challenging, and relevant to a diverse student population.

National University is the flagship institution of the National University System, which was established in 2001 to meet the emerging demands for education in the 21st century. In addition to National University, the affiliates of the National University System are: John F. Kennedy University; National University International; the Division of Pre-College Programs, consisting of National University Academy and National University Virtual High School; Spectrum Pacific Learning; and WestMed College.

CONVENIENT LOCATIONS
Headquartered in La Jolla, California, National University has more than 45 campuses and admissions centers throughout California, Florida, Nevada, Texas, and Virginia.

YEAR-ROUND REGISTRATION
New courses begin each month, allowing students to enroll at any time.

ONE-COURSE-PER-MONTH FORMAT
An intensive, one-course-per-month format creates a concentrated, focused approach. Classes are geared to accommodate the busy schedules of students so that they can attend classes in the evenings, weekends, or online. The accelerated format enables students to complete 12 courses per year compared to nine courses at traditional institutions.

STREAMLINED ADMISSIONS
Admission is based on previous academic record, professional experience, motivation, and educational objectives. Technology enables prompt online enrollment and processing of transcripts and records. Admissions advisors provide program-specific counseling and assistance from registration through graduation.

STUDENT BODY
National University’s student body reflects the diversity of the global community, enabling students from different cultures to participate in lively debates and discussions.

National University’s student body is composed of the following:

FACULTY
National University offers a four-tiered faculty structure that has become a model for similar institutions. Full-time and associate faculty add an important theoretical component to the curriculum, while core and adjunct faculty are part-time professors who work in the fields they teach.

EXTENDED LEARNING
Whether you’re looking to update your skills, prepare for the job market, or learn more about a subject you enjoy, National University’s Division of Extended Learning offers professional and personal development programs and courses that give you the tools you need to succeed. Many of the Division’s certificate and training programs are directly linked to promotion opportunities and increased earning potential. In addition to individual courses, corporate training is available.

Extended Learning is an Authorized Provider of CEUs in accordance with the International Association of Continuing Education Training (IACET) standards, a hallmark of quality in continuing education and training.

National University Polytechnic Institute, within the National University Division of Extended Learning, offers a Professional Certificate in Marine Technology, an exciting and rapidly expanding field that quenches your thirst for adventure. The accelerated eight-month-long program combines classroom lecture and hands-on training in San Diego, California. Upon program completion, you’ll receive your commercial diving certification so that you can begin a rewarding and unconventional career.

BENEFITS OF EXTENDED LEARNING
• Offers individuals opportunities to retrain and enhance skill sets
• Provides professional development for those in rapidly changing career fields
• Documents training with certificates and/or official transcripts
• Uses multiple formats: in-class, offsite, online, CD-ROM, and online seminars
• Meets niche training requirements with relevant, affordable content
• Maintains robust organizational and planning services

A COMMITMENT TO THE COMMUNITY
National University is proud of its dedication to and involvement with the communities it serves. National’s commitment to community includes a unique program that offers employees two days of paid leave per year to provide community service.
