▶ About the University

Founded in 1971, National University is the second-largest, private, nonprofit institution of higher learning in California. It was among the first to recognize and focus on the unique needs of nontraditional learners. Its distinctive and intensive one-course-per-month format, multiple locations, and onsite and online programs enable students to complete graduate and undergraduate degrees in an accelerated time frame while maintaining family and work responsibilities.

National is comprised of the College of Letters and Sciences and five schools: Business and Management; Education; Engineering and Technology; Health and Human Services; and Media and Communication.

▶ Mission

National University is dedicated to making lifelong learning opportunities accessible, challenging, and relevant to a diverse student population.

National University is the flagship institution of the National University System, which was established in 2001 to meet the emerging demands for education in the 21st century. In addition to National University, the affiliates of the National University System are: National Polytechnic College of Science, Spectrum Pacific Learning Company LLC; National University Virtual High School; WestMed College; and National University International.

Dr. Dana L. Gibson
President,
National University

Dr. Dana L. Gibson was named President of National University in July 2007.

Dr. Jerry C. Lee has been Chancellor of the National University System since 2001.

▶ Convenient Locations

Headquartered in San Diego, National University has 28 campuses in California and Nevada.

▶ Year-Round Registration

New courses begin each month, allowing students to enroll at any time.

▶ One-Course-Per-Month Format

An intensive, one-course-per-month format creates a concentrated, focused approach. Classes are geared to accommodate the busy schedules of students so they can attend classes in the evenings, weekends, or online. The accelerated format enables students to complete 12 courses per year if they so choose compared to the traditional nine courses.

▶ Streamlined Admissions

Admission is based on previous academic record, professional experience, motivation, and educational objectives. System-wide technology enables prompt online enrollment and processing of transcripts and records. Admissions advisors provide program-specific counseling and assistance from registration through graduation.

▶ Student Concierge Service

The Student Concierge Service is the student's point of contact for all National University questions. Specialists from the Student Concierge Service are available from 7 a.m. to midnight to answer a range of student questions from financial aid and admissions to graduation and grades.

▶ Library Resources

The National University Library has more than 285,000 volumes, including one of the largest e-Book collections in the United States. The Library contains 80 electronic databases, over 18,000 full text journals, and services for online users, including Journal Direct, Books Direct, RefDesk e-mail reference, and eReserves.

The National University Library, located in San Diego, houses the:

- Multimedia Lab, for learning how to successfully use current, multimedia software packages;
- Information Competency Center, which is equipped with 40 Web-wired workstations for

learning information literacy skills;

- Curriculum Resource Center, which is a state-of-the-art classroom supported with K-12 educational curriculum and software resources used in California schools;
- Career Center, which provides face-to-face and online career related services to students, alumni, and the larger university community; and
- Writing Center, which offers one-on-one online tutoring services to help improve student writing.

▶ Online Programs

National University offers 40 fully online degree programs that incorporate the latest advances in technology to provide a dynamic, interactive learning environment. Students have access to quality education via the Internet, 24 hours a day, seven days a week.

▶ Technology Resources

Students can access their class schedules, grades, academic, and financial aid information via the student web portal.

More than 64 student computer labs containing 2,829 PCs are available at National University labs and libraries. Web-based video conferencing is available at 26 sites.

E-mail, the Internet, e-conferencing, and other multimedia tools are incorporated into National University's on-campus and online courses.

▶ Online Features

National University offers unparalleled technical support for online students. Knowledgeable help desk support is available via e-mail or phone 24 hours a day, seven days a week. Online representatives are available to properly route your questions or concerns as well as to access advisors or professors.

Faculty members take time to acquaint students with the fundamentals of online learning

as well as participate in class discussions and text and audio-based chats. Interactive coursework is designed to provide a balance between content and multimedia presentation so students are fully engaged in the online learning process.

Serving as a single point-of-contact, online advisors assist students from the day they begin their National University program until the time they graduate.

▶ Quick Facts

- Second-largest private, nonprofit university in California
- Unique one-course-per-month format
- Approximately 110,000 alumni and 22,000 full-time equivalent students
- Accelerated pace, evening and weekend focused classes
- 100 graduate and undergraduate degree programs and 16 teacher credentials

▶ Accreditation

National University is accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges (WASC).

The University is also:

- Approved by the Commission on Teacher Credentialing (CTC)
- Approved by the Commission on Collegiate Nursing Education (CCNE)
- Accredited by the International Assembly for Collegiate Business Education (IACBE)
- A member of the American Association of Colleges for Teacher Education (AACTE)
- A member of the Council of Colleges of Arts and Sciences (CCAS)
- A member of the American Association of Engineering Education (ASEE)
- National's English Language Programs are accredited by the American Association of Intensive English Programs (AAIEP)

▶ Fiscal Overview

National University's endowment continues to rank among the top 200 largest endowments in the nation, according to the most recent National Association of College and University Business Officers' survey.

Distinctions

- National University ranks among the top 10 institutions nationally in awarding master's degrees to women and third in the nation in awarding master's degrees to Hispanic women.
- In terms of enrollment, National's graduate-level online education and business programs rank third and tenth in the nation, respectively.
- First in California and the nation in granting master's degrees in education to minorities.
- Second in California and seventh in the nation in awarding master's degrees to minorities in all disciplines.
- First in California and fourth in the nation in granting master's degrees in all disciplines to Hispanics.
- First in California in granting master's degrees in all disciplines to African Americans.
- Undergraduate tuition is 50 percent lower than the average private four-year college.

An Award-winning Educational Institution

- For the fifth year in a row, National University has surpassed nationwide benchmarks measuring the level of academic challenge at four-year colleges and universities, according to data from the National Survey of Student Engagement (NSSE).
- National University has prepared more teachers for credentialing than any other single institution of higher education in the state for the sixth consecutive year, according to figures released by the Commission on Teacher Credentialing (CTC).
- National University has an agreement with the California Community College System offering scholarship opportunities and a seamless transfer of credits for community college students. An established leader in educating California's teachers, National University holds student

teaching contracts with 643 California school districts. The School of Education is authorized to offer National Board Teacher Certification, one of the most widely recognized certificates in the country.

- As testament to the quality and relevance of National's academic vitality, many corporate and government entities have partnered with National University to provide degree programs to their employees.

Awards

- Six gold, five silver, and two bronze awards from the Council for Advancement and Support of Education (CASE)
- Platinum Award for the 2006 National University System Annual Report from the League of American Communications Professionals (LACP)

- Pacific Southwest Regional Emmy Award for 2006 "One University" television campaign
- One silver award and one excellence award from the University & Colleges Designers Association (UCDA) for the National University System 2006 Annual Report and the National University System video, respectively
- National University System 2004 Annual Report named one of the top 100 in the nation (League of American Communications Professionals)
- Recipient of the Golden Mouse Award, by the Technology Training Foundation of America
- Recipient of the 2007 Tilt-Up Award for Spectrum Campus and Library
- Los Angeles campus featured in *American School & University* magazine's Architectural Portfolio 2006
- Host of the International Conference on Computer Science and its Applications (ICCSA) for four straight years
- Named one of San Diego's best employers by the San Diego Human Resources Association and *The San Diego Union-Tribune* (2005 and 2006)
- Featured as One of San Diego's Best Places to Work by *San Diego Magazine*, September 2006

- Received the 2005 Sacramento Workplace Excellence Leader Award
- Recipient of the 2005 Sacramento Black Chamber of Commerce President’s Award
- Granted the Diversity Spirit Achievement Award for “active support of diversity in the the community and the workplace”
- Received the Women Together Angel Award for its ongoing commitment to helping homeless and battered women and children
- Named “2004 Sponsor of the Year” by the Shasta County Women’s Refuge

▶ Student Body

National University’s student body reflects the diversity of the global community, enabling students from different cultures to participate in lively debates and discussions.

National University’s student body is comprised of the following:

| | |
|---------------------------|---------------------|
| Full-Time Students | 22,000 |
| Undergraduate | 28% |
| Graduate | 72% |
| Minority | 45% |
| Women | 63% |
| Men | 37% |
| Military | 4% |
| Average Age | 36 years old |

▶ Faculty

National University offers a four-tiered faculty structure that has become a model for similar institutions. Full-time and associate faculty add an important theoretical component to the curriculum, while core and adjunct faculty are part-time professors who work in the fields they teach.

Faculty include noted authors and scholars in such diverse disciplines as contemporary fiction, mathematics, technology, film, international business, and education.

National University’s student body reflects the diversity of the global community

▶ Extended Learning

The Division of Extended Learning offers courses for certificate programs and Continuing Education Units (CEUs) as well as academic credit. Extended Learning provides organizational services to support professional development events such as: certification training, workshops, seminars, and conferences. Offerings may be held at regional centers throughout California, client locations, online, or by real-time web seminars.

Extended Learning is an Authorized Provider of CEUs in accordance with the International Association of Continuing Education Training (IACET) standards, a hallmark of quality in continuing education and training.

National University is a member of the University Continuing Education Association (UCEA) and the Association for Continuing Higher Education (ACHE).

Extended Learning
provides services to
support professional
development

▶ Benefits of Extended Learning

- Provides professional development for those in rapidly changing career fields
- Documents training with certificates and/or official transcripts
- Uses multiple formats: in-class, offsite, online, CD-ROM, and web seminars
- Meets niche training requirements with relevant, affordable content
- Maintains robust organizational and planning services

▶ Financial Aid and Scholarship Programs

National offers comprehensive guidance and assistance for students seeking financial aid. Approximately 84 percent of all students receive some form of financial assistance.

Many students receive partial or full tuition reimbursement from their employer.

National awards tuition scholarships and grants to students who demonstrate exceptional scholastic achievement, to economically disadvantaged students, and to single-parent students with demonstrated financial need.

A variety of scholarships, grants, and loans are available, including:

- The Federal Pell Grant, which awards grants ranging from \$400 to \$4,050.
- The Federal Supplemental Educational Opportunity Grant (FSEOG), like the Pell, awards grants ranging from \$100 to \$3,000 on a limited basis to students with an exceptional financial need.
- Federal Stafford Student Loans, which offer students a low fixed interest rate for the life of the loan.

Talk to a financial aid advisor to learn about the programs available to help you pay for your education.

- Funded on a limited basis, the Federal Perkins Loans offer students who demonstrate exceptional need a low interest loan.
- Assumption Program of Loans for Education (APLE), whereby the California Student Aid Commission may assume up to \$11,000 in loans

for students who commit to teaching in designated public schools.

- The Academic Competitiveness Grant program (ACG), which awards grants ranging from \$47 to \$2,050 for first- and second-year students who have successfully completed a rigorous secondary school program.
- The National SMART Grant, which awards grants ranging from \$250 to \$4,000 for third- and fourth-year PELL eligible students who major in mathematics, science, technology, engineering, or critical foreign languages.
- State aid in the form of Cal Grant A and B, which awards grants ranging from \$300 to \$9,932.
- Veterans Affairs educational benefits are available to qualifying military personnel.
- Alternative educational funding is available.

▶ A Commitment to the Community

National University is proud of its dedication and involvement with the communities it serves.

National's commitment to community involves both institutional sponsorships and a unique program that offers employees two days of paid leave during which to provide community service.

Many students receive partial or full tuition reimbursement from their employer.

▶ The National University Community Research Institute (NUCRI)

NUCRI is an entity of the National University System organized to facilitate the University's commitment to a collaborative future as a full community partner. NUCRI is community research and technology collaborator for smart community building and a service provider for professional development programs to broaden participation in the science, technology, engineering, and mathematics (STEM) fields through education, outreach, training, and interdisciplinary practice.
