# ABOUT NATIONAL UNIVERSITY

Founded in 1971, National University is the second-largest private, nonprofit institution of higher learning in California. It was among the first to recognize and focus on the unique needs of nontraditional learners. Its distinctive and intensive one-course-per-month format, multiple locations, and on-campus and online programs enable students to complete graduate and undergraduate degrees in an accelerated time frame while maintaining family and work responsibilities.

National University is comprised of the College of Letters and Sciences and five schools: Business and Management; Education; Engineering and Technology; Health and Human Services; and Media and Communication.

## MISSION

National University is dedicated to making lifelong learning opportunities accessible, challenging, and relevant to a diverse student population.

National University is the flagship institution of the National University System, which was established in 2001 to meet the emerging demands for education in the 21st century. In

addition to National University, the affiliates of the National University System are: John F. Kennedy University; National University International; the Division of Pre-College Programs, consisting of National University Academy and National University Virtual High School; Spectrum Pacific Learning Company LLC; and WestMed College.

## CONVENIENT LOCATIONS

Headquartered in San Diego, National University has 26 campuses in California and one in Nevada.

The University also operates four Online Information Centers where prospective students

can get information about National University and its various degree, credential, and certificate programs; experience online classes; enroll; and get educational counseling and details about financial aid. The Online Information Centers are conveniently located in Sacramento, Temecula, Palm Desert, and West Covina, California; Summerlin, Nevada; Orlando, Florida; and Lima, Peru.

## YEAR-ROUND REGISTRATION

New courses begin each month, allowing students to enroll at any time.

## ONE-COURSE-PER-MONTH FORMAT

An intensive, one-course-per-month format creates a concentrated, focused approach. Classes are geared to accommodate the busy schedules of students so they can attend classes in the evenings, weekends, or online. The accelerated format enables students to complete 12 courses per year compared to nine courses at traditional institutions.

## STREAMLINED ADMISSIONS

Admission is based on previous academic record, professional experience, motivation, and educational objectives. Technology enables prompt online enrollment and processing of transcripts and records. Admissions advisors provide program-specific counseling and assistance from registration through graduation.

## STUDENT BODY

National University's student body reflects the diversity of the global community, enabling students from different cultures to participate in lively debates and discussions.

National University's student body is composed of the following:

Full-Time Equivalent Students	22,000
Undergraduate	31%
Graduate	69%
Minority	52%
Women	63%
Men	36%
Military	11%
Average Age	33 years old

## FACULTY

National University offers a four-tiered faculty structure that has become a model for similar institutions. Full-time and associate faculty add an important theoretical component to the curriculum, while core

and adjunct faculty are part-time professors who work in the fields they teach.

Faculty include noted authors and scholars in such diverse disciplines as contemporary fiction, mathematics, technology, film, international business, education, and healthcare.

## FISCAL OVERVIEW

National University's endowment continues to rank among the top 200 largest endowments in the nation, according to the National Association of College and University Business Officers (NACUBO).

## EXTENDED LEARNING

The Division of Extended Learning offers courses for certificate programs and Continuing Education Units (CEUs) as well as academic credit. Extended Learning provides organizational services to support professional development events such as:

certification training, workshops, seminars, and conferences. Offerings may be held at regional centers throughout California, client locations, online, or by real-time web seminars.

Extended Learning is an Authorized Provider of CEUs in accordance with the International Association of Continuing Education Training (IACET) standards, a hallmark of quality in continuing education and training.

National University is a member of the University Continuing Education Association (UCEA), the Association for Continuing Higher Education (ACHE), the Learning Resources Network (LERN), the American Management Association (AMA), and the National Dropout Prevention Center/Network (NDPC/N).

The National University Polytechnic Institute, within the National University Division of Extended Studies, offers a broad range of innovative certificate programs that enables students to build

and strengthen their capabilities. The Institute's five-week long course format offers convenient education and training in the rapidly expanding fields of marine technology, construction management, and biotechnology. Facilities at the institute are located in San Diego, with some courses and programs offered online allowing students to take them from any place at any time.

### **BENEFITS OF EXTENDED LEARNING**

- Offers individuals opportunities to retrain and enhance skill sets
- Provides professional development for those in rapidly changing career fields
- Documents training with certificates and/or official transcripts
- Uses multiple formats: in-class, offsite, online, CD-ROM, and online seminars
- Meets niche training requirements with relevant, affordable content
- Maintains robust organizational and planning services

### **A COMMITMENT TO THE COMMUNITY**

National University is proud of its dedication to and involvement with the communities it serves. National's commitment to community involves both institutional sponsorships and a unique program that offers employees two days of paid leave during which to provide community service.

### **THE NATIONAL UNIVERSITY COMMUNITY RESEARCH INSTITUTE (NUCRI)**

NUCRI is an entity of the National University System organized to facilitate the University's commitment to a collaborative future as a community partner. The Institute focuses on community research and technology applications for integrated curriculum development, e-learning, capacity building and education outreach, and training. The goal is to broaden participation in the fields of science, technology, engineering, and mathematics

(STEM) fields and to facilitate the interface of technology with the humanities, arts, science, social science, and community research.

# STUDENT SUPPORT & RESOURCES

## STUDENT CONCIERGE SERVICES

Student Concierge Services is the student's point of contact for all National University questions. Advocates from Student Concierge Services are available from 7 a.m. to midnight Pacific Time, seven days a week, to answer a wide range of student questions, from financial aid and admissions to grades and graduation. Technical assistance for students is available 24 hours a day, seven days a week.

## LIBRARY RESOURCES

The National University Library System has more than 338,000 volumes, including one of the largest e-book collections in the United States. The Library provides access to 124 electronic databases, more than 30,000 full text journals, and various services for online users, including Journal Direct, Books Direct, RefDesk e-mail reference, and eReserves.

The National University Library, located in San Diego, includes among its facilities the:

- Curriculum Resource Center, a state-of-the-art classroom supported with K-12 educational curriculum and software resources used in California schools;
- Career Center, providing face-to-face and online career related services to students, alumni, and the larger university community; and
- Library Instruction Classroom, equipped with 40 networked workstations for learning information literacy skills.

## ONLINE PROGRAMS

National University offers more than 60 programs fully online that incorporate the latest advances in technology to provide a dynamic, interactive learning environment. Students have access to quality education via the Internet, 24 hours a day, seven days a week.

## TECHNOLOGY RESOURCES

Students can access their class schedules, grades, and academic and financial aid information via the student web portal.

More than 70 student computer labs containing over 3,500 PCs are available at National University labs and the library. Web-based video conferencing is available at all 27 National University locations.

E-mail, the Internet, e-conferencing, and other multimedia tools are incorporated into National University's on-campus and online courses.

## ONLINE FEATURES

National University offers unparalleled technical support for online students. Knowledgeable help desk support is available via e-mail or phone 24 hours a day, seven days a week.

Faculty members take time to acquaint students with the fundamentals of online learning. They also participate in class discussions, text- and audio-based chats, and fully functional virtual classrooms. Interactive coursework is designed to provide a balance between content and multimedia presentation so students are fully engaged in the online learning process.

Serving as a single point-of-contact, online advisors assist students from the day they begin their National University program to the day they graduate.

# NATIONAL UNIVERSITY OFFERS MORE THAN 60 PROGRAMS FULLY ONLINE.

# FINANCIAL AID & SCHOLARSHIPS

National offers comprehensive guidance and assistance for students seeking financial aid.

Many students receive partial or full tuition reimbursement from their employer.

National University awards tuition scholarships and grants to students who demonstrate exceptional scholastic achievement, to economically disadvantaged students, and to single-parent students with demonstrated financial need.
