

Thank you for your interest in the Bachelor of Science in Accounting at National University. For applicants that intend to practice and/or wish to be licensed as a CPA while in the state of California, the following disclosure details important information regarding the Bachelor of Science in Accounting and California state licensing/certification in the field.

Currently, the National University Bachelor of Science in Accounting program only aligns with the educational/coursework requirements for the California Board of Accountancy. A determination has not been made as to whether the Bachelor of Science in Accounting Program meets the educational requirements for licensure to practice in any other State.

In addition to the educational requirements, graduates of this program will need to also meet additional requirements established by the California Board of Accountancy including continuing education credits and work experience.

By acknowledging this disclosure, the student understands the prescribed boundaries of the National University Bachelor of Science in Accounting in obtaining a California Certified Public Accountant License.
